```
// ProceduralTerrainEditor
serializedObject.Update();
                                   Add an "Auto Update" toggle to the inspector
EditorGUILayout.PropertyField(serializedObject.FindProperty("AutoUpdate"));
EditorGUILayout.PropertyField(serializedObject.FindProperty("TerrainSize"));
```

```
// ProceduralTerrainEditor
```
